SPORTS DAY

Indeed the purpose of a school is an all round development of every child. Along with mental fitness, the physical fitness is also important. Even if a child gets better in physical activities, it can be a good contribution in nations development. Many of the personalities are there in our country who could not do any great things in their studies but have a recorded an outstanding performance in sports. Actually study is not limited with bookish knowledge but also in knowledge of any of the remarkable qualities. Though it may be art, craft or sports.

Thus for the same purpose our school plays a significant role in developing the sports skills in the students. The Annual sports event is such a excitement for our students that they keep awaiting for the whole year to show their outstanding hidden qualities.

Usually we organize their event at any of the famous & reputed places which increases more in the excitement. As a result we see that the children, their parents, staffs the entire team show all their hidden potential. In the academic year 2016-2017. The sports event of Bilal School was organised at ISLAM GYMKHANA, Marine Drive and Advocate Yusuf Abrahani was invited as a chief guest.

The event started from the Pre-primary section which make the parents attracted towards the activities. The small children & their pretty actions caught the entire attention of parents. One after another the events continued from Pre-primary to Primary and then Secondary. At the same time prize distribution was also continued. The chief guest Advocate Yusuf Abrahani was also very impressed and said that the event was above his expectations.

After completing all the event by children now it was time for the most awaited event that is Parent's event. Few activities like running race & relay was conducted between parents. They enjoyed their best and after all the sports came to an end with the speech of chief guest & chairman of school.
