There is a special trekking zone which exposes the children to a realistic feel of a 'Mini Forest/Jungle'. After that we all took the students for a horse cart ride and bullock cart ride followed by a toy train ride which the students enjoyed a lot.

The park is well equipped with state-of-the-art entertainment gadgets, providing a large variety of activities ranging from rock climbing, walking on a balancing bar, walk on circular ring side by side etc. Some of the skills practiced on these gadgets are oriented to strengthen the large motor muscles of the body.

Kids rushed to the slides, swings, seesaws, climbers etc. students saw some statue arches of few animals and huge fishes.

Kids rushed to the slides, swings, seesaws, climbers etc. students saw some statue arches of few animals and huge fishes.

There was a monkey decorated with carnations and creepers, it was looking extraordinary and we started taking pictures by standing near the arch. Then as they moved forward they found a statue of huge whale, they stood beside it and took pictures and enjoyed. As they stepped ahead they found mermaid statue. This was the most attractive part of the picnic as girls were very fond of it, as they had read innumerable folk tales on mermaid in comic books. After that we all took the students for a horse ride followed by a toy train ride which the students enjoyed a lot. All around was greenery. The sea side scenario was awesome. After a tiring and fun packed morning we all headed for lunch. Students were served lunch during the mid-hours, later the students were allowed to play in the park. Again they got back to slides, swings, rocking ducks and so on. They jumped on jumping jacks and rolled on roller slides, climbed on climbers and hanged on for exercise, etc. The children enjoyed playing in the park, till they grew-tired.

Students were very happy that they don't have to follow any discipline in the park. They enjoyed through it and felt they had experienced an adventure trek. The day was well spent enjoying, playing and interacting with each other. They played different games like Skipping, Kho-kho, Badminton, etc as well.

They were then escorted to the school bus which brought them to the school after a memorable outing full of fun and frolic. The school buses started homeward journey at about 6:00 p.m. They then closed for the day and returned to their homes with pleasant memories of their experience at the Mahindra Park, at about 7:00 p.m. The buses entered the school campus. They really had a great time. Parents were called to pick up their kids by 7:15.p.m at the school gate. The parents had already been waiting for their children.

The visit to the park was a memorable one. Beside playing and enjoying it motivated the students to take care of their environment and to maintain cleanliness around them. It was also a wonderful opportunity for all the children to strengthen their bonds. Everyone had a big smile on their faces indicating they had a great fun. Students left the school dreaming beautiful memories.
